FROM THE BARON & BARONESS:

Unto all the fine gentles of this most glorious Barony of Caerthe do Baron Kronos and Baroness Catherine send greetings:

Unto our most wonderful populace do we send greetings. where to start, it seems as though we've barely had time to breath since 12th night our cup truly runneth over. Winter Oasis in Unser Hafen was so much fun with lots of drumming and dancing, and dancing and drumming. Lady Sara put on a marvelous event, can't wait for the next one. Then there was Candlemass, cold and snowie on the outside but ohh so warm and friendly on the inside with all our friends. The feast was delicious and lots of entertainment to enjoy. Their Royal Majesties talked with the children of the populace and many of the childrens responses were quite surprising. We were glad we had a chance to sit in and listen to the children with their Majesties. The children truly are our future, please lets embrace them as such. And then there we were at Warrr, this was her excellencies first War she was as amazed as I was at my first Estrella. All the people all the tents and of course all the merchants. But as the rest of us she wasn't to fond of freezing at night. But we would have endured anything to be apart of the Glory that the Outlands displayed at Estrella. Never have I seen such Honor & Chivalry as I witnessed at War. The Outland fighters, fencers, archers and artisans could not be beat. The Outlands and Caerthe are an unbelievable group of people and we are proud to be a part of this great kingdom. And if that was not enough glory their Majesties made a new knight my most dear brother the now Sir Otaktay. There wasn't a dry eye in the house, then on Saturday night Caerthe had a pot luck dinner with some food supplied by our cooks guild. And the Baroness and myself added three new Sable Lions to our Barony. Lady Sevilla de Cordoba, Lord Corvo de Lucia & Lord Logan from the Scola Metallorum. When you see these gentles please congratulate them on there achievment. Long Live the Outlands and Caerthe.

Yours In Service

Baron Kronos **Baroness Catherine**

From the Senescal

Unto the Populace of Caerthe, greetings!

Our Brave Senescal is off fighting the dragons of Mundania and will be back next month.

From the Aspen Pursuivant

Greetings from the Aspen Pursuivant!

I hope this finds you fully recuperated from WAR! At the time of this writing I have not received a full report on awards that have been received by the wonderful fighters, rapier fighters, artisians, and others who make this a grand barony shine at WAR!. So, instead of listing everyone individually, let me congratulate everyone who was recognized at this event. If anyone volunteered to do either consulting or field heraldry at Estrella, please let me know and tell me what you did. For those who volunteered time to do heraldry, I thank you so much. You have helped me greatly.

ATTENTION AUTOCRATS AND EVENT STEARDS!! Please make sure you contact me if you need heralds at your event (which should be EVERY EVENT). This helps me keep track of who is doing heraldry within the Barony and what heraldry is being done. Anyone who has or will be heralding court for their Excellencies PRAY ATTEND! I need you to report to me within one week any awards that are given in court.

From the Webminister:

Greetings to the Mighty Barony of Caerthe!

Unto Their Excellencies, Kronos and Catherine, and to the Seneschal, Robert Marchet, does the Web Ministers of the Barony of Caerthe, Branwen ferch Gryffydd Rodhri, send greetings:

I completed monthly updates throughout the month as necessary. We have had 847 hits on the site in February. 71% of these hits used the frames version of the page.

Due to a combination of continued illness and retinue/mundane responsibilities, we did not start any new major projects within the month of February. I have been working to update practices and meetings on the calendar of events, supplementing with information from *The Fortress* as possible. A full back up of the website was completed, and will be made available to yourselves at the next populace meeting.

Lord Taliesin and I attended the February 2004 web design meeting; no other members of the populace were in attendance. I did not receive a report this month from Hawks Hollow or Scola Metallorum.

Upcoming projects through May include:

- Creation of an online submissions page that will be used by both the Chronicler and the Web Minister.
- Automating the Heraldry Submission Status page.
- Documentation of existing website policies.
- Training of new deputies on policies and conventions used on the website.
- Creation of a populace page (using the backend database).

As a reminder, any officers or autocrats that would like to have special sections of the website, please contact the web design team, as we would love to accommodate you. Also, if any members of the populace have ideas on how we can improve the site, or specific functionality they would like to see added, please let us know.

From your Chiurgeon:

Greetings,

Please continue to use sunscreen and hydrate properly. I want to thank everyone for their continued support and help of the Water Bearers. They have a very important job.

I am looking for Apprentice Chiurgeons! I am currently working on setting up a class for individuals who would like to become a warranted Chiurgeon. We have a real need for more Chiurgeons in the Barony. Anyone interested in the classes and becoming a Chiurgeon please email me at timoverhultz@comcast.net. If you are already certified in Infant and Child CPR and Advanced First Aid, I only need a copy of your cards.

I would like to see Water Bearers, Field Marshals and others wearing a Chiurgeon badge. I will be making belt kits for those interested. This will be a small pouch with the Chiurgeons badge on them. They will contain a few pairs of gloves, band aids, antiseptic and a small note pad. These pouches can be worn proudly on your belt so everyone knows who you are and you will always have your tools with you.

Yours in Service,
Ulrich Halvarson
Baronial Chirurgeon

The Caerthen Lampworker's Guild:

The Denver Jewelry Academy has kindly offered to allow me the use of a classroom for the Lampworkers Guild twice a month on Wednesday evenings. If you've always wanted to melt a glass rod and turn it into a glass bead but never had a chance, now is the time. The cost per visit will be $5. The first 2 times a person attends a guild meeting, all materials used are free. After that you will need to supply your own MAPP gas ($7.42 per canister at Wal-Mart) and glass.

The lampwork tools used by the Baronial members are the property of Jorunn and are on loan to the lampworkers guild for use by all members. With the exception of largesse donation rules, all beads made by the participant are theirs to keep. Imagine making your own buttons for that Cotehardie you've been putting off. This is the place to learn how!

The associated Naja Jewelry Supply Store is also expanding their business to include lampwork supplies. The will carry the Effetre glass and Hot Head Torches used by the guild members, plus much more. The store closes at 5 during the week, but is open on Saturdays: www.najatools.com for more information.

The Leatherworker's Guild:

The Caerthe leatherworking guild is up and running strong. Currently as a group we have started a project to give to the barony, we are making a new scroll case that will be tooled by several different members of the leather guild. We are excited with this project and hopefully more neat things will soon be completed.

The next meeting will be held at Forrester's house, this will be the time to cut out any projects, and start on any tooling that you night have. The gathering will be on the 22nd of March. I also leave all of my Wednesdays open to people so if they want to come over to my shop and work on projects (please call ahead). The other days that we will have meetings will be the 12th of April at Tandy Leather, and the next one will be the 26th of April at Forrester's house.

If you have any interest in learning leatherwork at all I highly recommend getting with the guild, there is a large talent pool to learn from.
